“ I always told Morey he had greatness inside him and he needed to let it out. I called him he was a big teddy bear. He had a soft heart. He said I was the only mother he had left after his mom died. We did FaceTime several times a day. He loved to watch my 9-month-old great-grandson and my great-grandson loved to watch him too. When my great-grandson heard Morey's voice, he had a big smile on his face. I am heart-broken. He was a great guy and generous to those in need. He once bought every sock in a store for nursing homes residents. I will never forget him and cherish the time my family spent with him.

“ Waves of grief crash over me.....

Morey was the "brother" I never had and I will be forever grateful for the days he walked with me through my breast cancer journey. He touched so many lives and was a friend to all who knew him. He leaves a void..... a big void.

Morey, I pray that you know how many people loved you and appreciated you for just being you and for being there for the rest of us. Thank you for making me laugh and for driving me crazy and for always being a friend.

Until we see one another again.....take care, dear friend. I love you, Robin

“ Morey was an amazing man with a brilliant mind! He visited in our home in Somerset and he was a joy to converse with on any subject! He will be greatly missed by so many friends and acquaintances. Our daughter, called him her "brother", as he shared his shoulder and strength during a very difficult health diagnosis in her life. Our deepest sympathies to his his Dad, whom he dearly loved, family and friends. Morey's passing leaves a void that another could never fill! Rest easy in Jesus' arms, Morey! Your task is completed!
