Goldie was my childhood friend, we played together many days. Also we sang together in church so many time. She is going to be missed by family and friends. I had the pleasure to reconnect with her by FB after many years. She and I did some catching up, she told me how she wanted to go home to be with her husband, that she was so lonely without him, and to sick to be by herself. We would always pray and she would feel better. when she got to she was hurting so bad again she would get on the computer and ask me to pray again. I count it an honor to pray with my friend..]She is where she wanted to be, In Heaven with her husband and family that has gone on before. One day Goldie we will be together again, we will catch up on everything then. R.I.P. I know you are.. Will miss you greatly. You are singing with the Angels now. Love Florene
