“ I miss my buddy. I miss his little poems, the funny face he always made, ice cream with every meal, his little dance moves, and listening to him talk about his past. So many little things I miss, but I miss him most. I will never see Hubba Bubba bubble gum without seeing his little hand working for me to give him a package. Love and miss you "I S A A C...S T A C Y"

“ *Isaac worked for my family when I was around 6 or 7 years old and I loved him so much. I followed him around while he would work. He always held a special place in my heart. Almost a year ago, I had the opportunity to visit with him at the nursing home and of course he didn't know me, but at times his eyes would light up and he would call me his little girl. :) Praying for the family!!*
