“ My Great Great Aunt Jessie was a fine woman, full of spunk and very sweet. I am so thankful that she lived a good quality of life. I remember going to see her when she was 95 and how she got up and started frying chicken. I remember her tears when we left and our promise to come back and see her. I am so glad that we were able to keep that promise last year. She leaves a big imprint in our hearts and our memories. I am so blessed to have had her in my life. She will be greatly missed. “ Mom, I always remember all the times we use to sit down and just talk about different things. You always had time for me to ask your advise about anything that I wanted to know what you thought about! We shared a unique Mother and Daughter relationship that was so special to me. I treasure all the times we just talked. I always enjoyed being close to you. Nothing will ever change the love that I have always for you Mom. I am looking forward to being with you in heaven some day. I love you Mom! I miss you!

“ My Granny took care of everybody. She cooked huge meals, cleaned, & made room for just one more. Served her church everytime the doors were open. Serviced her community, carrying meals to elderly who where younger & more able. She was uncomfortable with praise. & didn't want the spotlight. With all those high qualities the one I am the most grateful for, plane honesty is the one I hold dearest.

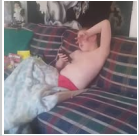

*I love you Granny,
