“ I have lots of memories of Meldie I love the picture on here, that's just like her, sweet beautiful friend of mine. We always had a good time whether it b in the car going places or my favorite, swinging on her front porch and just talking. Done that countless times. I loved her and have missed her. I think of her every time I pass her house and always will. She will always have a special place in my heart . She and mom was also good friends.
