“ Norma, you were so sweet and original and was the glue to our family. I honestly dont know how to live without you. You were in my life daily and I never thought in a million years you would be took from us at such an young age. You were just like a mom or big sister to me. If sonething was wrong I talked to you. I dont think I will get over this. I have an empty hole in my heart that can never be filled. You were loved by so many. What are we gonna do now? My boys miss you too. Its hard to watch them cry for you. We will all cry for you. We will see you again I promise cause I am not gonna loose you twice. So many good memories with you. I could share so many but this page isnt big enough. I know you are not feeling all that pain anymore, and you are with your mommy and daddy. I know you said your biggest fear of dying was worrying about what was gonna happen to Boone and Brady we will be their for them I know thats what you would have wanted. I wish we could have you back. I miss you and love u.
