“ *My thoughts and prayers are for my blessed family. Sooooo sorry for your great loss. Your mom and I spent a lot of time talking to each other, we remembered our childhood days we spent together and the good memories we shared. We laughed a lot together. I looked forward to visiting with her. I would be tired coming from my trip to her house, she would lie on the couch and fall asleep and I would sit in the rocker, I loved so well and fall asleep. We shared our aches and pains together and laughed about it. Nites when I was up late with pain, I would call her and she couldn't sleep and we would talk until we got tired. I think we talked about everything under the sun. I will always have our memories we shared and I catch myself wanting to pick up the phone and call her. I will miss her but I know she is not hurting anymore. May she rest in peace. May God give her love ones peace to endure during this time. I love you and am here if you need me. God bless everyone.*
